## Face Seal Expansion Joint Covers

### PRODUCT DESCRIPTION

Rizza interior face seals feature elastomeric seals that snap into an aluminum frame work to provide a clean, narrow sightline.

### IDEAL FOR

Applications where a narrow, recessed and colorable joint cover is preferred for blending with interior finishes

### PERFORMANCE

#### Joint Sizes

2" - 12" (51mm - 305mm)

#### Movement Capabilities:

Permits unrestrained movement of the joint without damage to the seal.

Expansion/contraction

Lateral shear (Joint sizes 1" - 5")\*

Vertical shear\*  
Contact factory for details

### MATERIALS

- Aluminum extrusions: 6063-T5, ASTM B221
- Elastomeric Seals: ASTM D 2000 4GE 709 Silicone
- Standard fasteners provided for assembly and installation
- All surfaces in contact with masonry or concrete will be protected by a factory-applied coating.

### ADVANTAGES

- Narrow sight-line
- No exposed fasteners
- Available in multiple standard colors
- Custom colors available\*\*

### OPTIONS

- Fire barrier

### LIMITATIONS

- Joint sides must be smooth for proper water tight installation

### FINISH

#### Standard

- Mill finish concealed aluminum
- Seals stocked in black, gray, bronze, sandstone and white
- Seal available in all Dow Corning 790 colors

#### Optional\*\*

- Custom seal colors

\*Shear movement requires specific accommodations at wall terminations, contact factory for details.

Shear values are for wall installation; ceiling is opposite

\*\*Extended lead times and additional costs may apply
